OLUWADAMISI DAMILOLA

Front-End & Mobile App Developer (React.js | Flutter)

addypearl09@gmail.com • GitHub | LinkedIn | Portfolio • Lagos, Nigeria

Summary

I am a creative and performance-driven developer specialized in building intuitive, responsive, and scalable applications using React.js for web and Flutter for mobile platforms. I am passionate about creating seamless user experiences, implementing clean code practices, and continuously improving development workflows. As an enthusiastic team player, I have strong collaboration, debugging, and design interpretation skills

Experience

Pivelar — Ikeja
Frontend Developer — 09/2023 - 02/2024
Frontend development company

- Engineered multiple frontend features using React.js with Chakra UI, improving load times and interface responsiveness
- Implemented reusable components and modular structure for scalable frontend code
- Contributed to design handoff reviews and client-facing app demonstrations
- Assisted junior developers through code reviews and troubleshooting

InBrandPr — Ogba
Frontend Developer (Intern) — 03/2022 - 12/2022
Frontend development internship

- Built functional dashboards and landing pages using React + Firebase stack
- Created custom components, implemented real-time data sync, and deployed builds
- Translated Figma designs into pixel-perfect components with responsive behavior
- Participated in daily standups and agile sprints

Freelance Projects — Remote
Flutter Developer — 01/2023 - Present
Remote mobile app development projects

- Built and deployed Flutter apps for Android, including an e-commerce UI and personal expense tracker
- Used Firebase Auth & Firestore to manage authentication and cloud storage
- Developed responsive and adaptive UIs compatible across multiple screen sizes
- Debugged performance issues and integrated animations for a smoother user experience

Education

Speedway Polytechnic — Ojodu Berger
Ordinary National Diploma (OND) — 04/2022 - Present

Nigeria Institute of Information Technology
Diploma in Core Java & Web Development — 04/2022 - 10/2023

Strengths

⚡ Creative Problem Solving
Ingenious in finding creative solutions to complex problems

✔ Time Management
Skilled in managing and prioritizing tasks effectively

☆ Team Collaboration
Able to work collaboratively in team settings to achieve project goals

★ Attention to Detail
Meticulous in ensuring accuracy and quality in work

♥ Fast Learner
Quick to learn and adapt to new technologies and methodologies

Key Achievements

✦ React Task Manager
Reduced unnecessary re-renders by 40% using memoization and lazy loading in a task management SPA built with React

★ Flutter E-Commerce App
Achieved smooth UX and integrated real-time data updates with Firebase in a responsive e-commerce app

⚐ Personal Portfolio Website
Increased online visibility with over 300 views/month for a personal portfolio website showcasing my work

Training / Courses

Frontend Development - freeCodeCamp

Flutter App Development Bootcamp - Udemy (Angela Yu)

React.js Crash Course - YouTube / Traversy Media

JavaScript Algorithms & Data Structures - freeCodeCamp — in progress

Projects

React Task Manager

Task management application showcasing skills in React

- Built a task management SPA with React, using Chakra UI, Firebase, and custom hooks

Flutter E-Commerce App

E-commerce application built with Flutter to handle online shopping

- Designed a beautiful, responsive e-commerce app with product listings, search filters, and a cart

Personal Portfolio Website

Personal portfolio website presenting development work

- Showcases full-stack projects, contact form, resume download, and more
